### RESPONSE MONITORING OVERVIEW

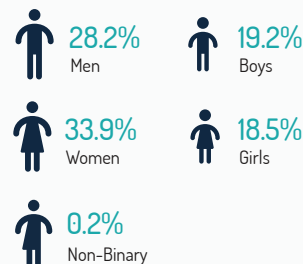

Every month, the Inter-Agency Group on Mixed Migration Flows reaches an average of 300,000 people with at least one type of assistance. 60 organizations report nearly 2,000 activities per month in 30 departments and over 200 municipalities.

Almost 54% of the response is undertaken by members of three sectors: Protection with 23% of the activities implemented, followed by Health (22%), and Integration (9%).

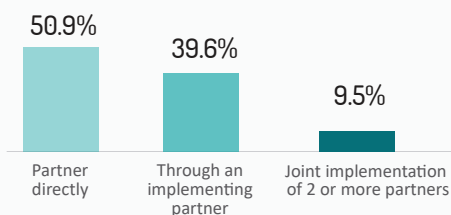

#### Beneficiaries by population group

#### Beneficiaries by age and gender

#### Activities by type of implementation

#### Activities by type of modality

**89%** of the activities are "in-kind", through the delivery of goods and services to the population in need. The remaining 11% of the assistance consists of cash and voucher assistance.

#### Response by type of organization\*

#### People reached with at least one type of assistance as part of the RMRP 2021 by department and sector
